B.Tech CSE student and aspiring Software Developer with hands-on experience building full-stack and AI-powered web applications. Skilled in Python, JavaScript, TypeScript, React and Django, with practical experience in REST APIs, authentication, responsive UI, debugging and cloud deployment.

Programming	: Python, JavaScript, TypeScript
Web Development	: HTML, CSS, JavaScript, React, Vite
Backend & APIs	: Django, Django REST Framework, REST APIs
AI / Features	: AI API Integration, Prompt Workflows, PDF Reports
Developer Tools	: Git, GitHub, VS Code
Deployment	: Render, Vercel, GitHub Pages

1. AI Interview Simulator React, TypeScript, Django, Python

- Built a full-stack AI interview platform with login, registration and OTP email verification.
- Integrated AI-generated interview questions, candidate feedback and downloadable PDF reports.
- Created dashboards for interview history, performance trends, practice statistics and strong/weak topic insights.
- Deployed frontend on Vercel and Django backend on Render; configured REST APIs, CORS and production settings.

2. FoodZ - Food Ordering Application HTML, CSS, JavaScript, Python

- Built a responsive food-ordering app with menu browsing, search/filtering, cart, checkout, promo codes and order history.
- Improved mobile layouts and dark/light mode usability across navigation, cart and checkout screens.
- Implemented distinct dish filters for ratings, bestsellers and offers and debugged application workflow issues.
- Used Git/GitHub for version control and deployed the application through GitHub Pages.

Python Programming Virtual Internship - DecodeLabs Jun 30 - Jul 30, 2026

- Completed a one-month virtual internship focused on Python programming.
- Applied Python problem-solving skills through practical tasks and project-oriented learning.
- Certificate of Completion issued by DecodeLabs on July 31, 2026.

B.Tech - Computer Science and Engineering Rajiv Gandhi University of Knowledge Technologies (RGUKT), RK Valley CGPA: 8.1 (up to Semester IV)	Expected 2028
--	----------------------

- Built and deployed two complete web applications.
- Completed a Python Programming Virtual Internship at DecodeLabs.
- Hands-on experience with frontend, backend and AI integration.
- Implemented authentication, OTP verification and REST API workflows.

Technology	Percentage
Python	85%
JavaScript	85%
React	80%
Django	75%
TypeScript	70%
Git & GitHub	85%

- Full-Stack Web Development
- Python Programming
- REST API Integration
- Responsive UI Development
- Debugging & Troubleshooting
